PPCC – CATALOG YEAR 08/09 – ASSOCIATE OF SCIENCE – ADVISING CHECKLIST

PAGE 2 of 2

Consult with a faculty advisor to determine the BEST choice of courses to prepare for your specific four-year major.

Degree Requirements	Courses	Totals
Computer Communication: 3 credit hours.	Choose from CSC 105, CSC 120, CSC 150, OR CSC 160 Students entering with strong computer skills have three options for meeting this requirement: a) Challenge and receive credit for CSC 105 by enrolling in an Open Entry/ Open Exit section and successfully completing with a C or higher. b) Meet the requirement through Credit for Prior Learning. c) Waive the requirement by applying to the Division of Mathematics and Technology. Waiving will require proof of competency via completion of a self test and a structured interview with a faculty member from the CIS or CSC department. Waiver also requires the credits be replaced by another elective from the approved elective course list. Record course below if applicable and enter totals.	
Electives 18 credit hours.	Choose courses from the Approved Elective Course List for AS Degrees, catalog pages 72-73, or at http://www.ppcc.edu/catalog/ , same page numbers.	
GRAND TOTAL		

Other Requirements

1. A minimum of 60 credit hours in a prescribed program of study with a cumulative grade point average of 2.0 (a C average) and a grade of C or better in each course. At least 15 of these credit hours must be earned from PPCC.
2. Only 6 elective credits are allowed in any combination of PED courses.
3. Students may concentrate their study in a specialized area such as biology, physics or geology. Many “Recommended Tracks” are included in the catalog.
4. Career and technical courses, whether taken at another institution or at PPCC, are not accepted toward this degree without approval of the Vice President for Educational Services. Approval is given only when it is appropriate to the educational objectives of a student.
5. Courses numbered below 100 do not apply toward degrees.

Foreign Language Note: It is advisable to verify the foreign language admissions requirements for the university/four-year college you are planning to attend. For example, many of the Colorado four-year institutions require foreign languages for admission -- the CU system requires 2-3 years of high school foreign language (or equivalent 2-3 semesters at Pikes Peak Community College). Students planning to attend a Colorado four-year institution who do not have the prerequisite foreign language requirement from high school should consider enrolling at Pikes Peak Community College.

This checklist may be used as an unofficial audit of coursework requirements for the Associate of Science degree. For an official audit, please contact Pikes Peak Community College Enrollment Services, 719.502.3000
