Where does your path begin?

Pikes Peak Community College is the largest, most diverse and flexible place of higher learning in the Pikes Peak Region. Whether the college serves as your path to a solid career or a foundation to further education, you’ll find both enrichment and a sense of belonging here.

“Your come with a dream of a better life, and we get to be part of that. There's no better feeling.”

— Dr. Lance Bolton, Pikes Peak Community College President

When you hike in Colorado, you know about choosing the right trail, the one with sure footing, that'll get you where you want to go. When it comes to education, Pikes Peak Community College may offer the smartest, most affordable path to your career.

With a college degree, you’ll make, on average, almost twice the salary of those with just a high school diploma, and you’ll be about 15% more likely to get a job.*

Find your way at Pikes Peak to those rewarding careers without ending up with mountains of debt.

* According to Bureau of Labor Statistics data for 2015, high school grads make an average weekly salary of $678, while college grads make $1,227. The percentage with jobs: 67% of high school grads, 82.6% college grads.
PPCC has three campuses and learning centers at Creekside Success Center, Fort Carson Army Post and Peterson Air Force Base.

*Life can be complicated.* That’s why we offer maximum flexibility, with day, evening and weekend courses in traditional, online or hybrid formats.

**CENTENNIAL CAMPUS**
South | Emphasis on Career & Technical Degrees

Our largest campus, Centennial offers nearly every PPCC course available, and it’s the only place to take Culinary Arts, Auto-Tech and Advanced Manufacturing.

**DOWNTOWN STUDIO CAMPUS**
Central | Emphasis on Creative Arts

In addition to general education classes, the Downtown Studio Campus is home to the art gallery, dance studio and most of our arts classes. This campus adds a vibrant edge of culture to Colorado Springs’ urban vibe.

**RAMPART RANGE CAMPUS**
North | Emphasis on Health Sciences

The newest of our campuses, the contemporary-styled Rampart Range offers general education classes as well as all of our acclaimed health sciences programs.

**NEED CHILDCARE?**

Our nationally accredited Child Development Center supports your success by providing high-quality care and educational services to children from the age of 6 weeks to 5 years.
College You Can
AFFORD

Pikes Peak costs a fraction of most four-year colleges. Most students who apply for scholarships or financial aid get assistance, keeping out-of-pocket costs even lower. Available options include grants, scholarships, student jobs, loans and military benefits.

PEAK FACT
We award $1 million in scholarships annually. One scholarship application puts you in the running for them.

Tuition & Fees
Comparison with in-state tuition for two semesters at 15 credits per semester.

These figures are based on 2018-2019 tuition and can vary depending on program of study.
Pikes Peak offers transferable credits to UCCS, CSU, Regis and many other four-year colleges and universities across the nation.

Small class sizes: With an average class size of 16, Pikes Peak gives personal attention to each student.

PPCC is accredited through the Higher Learning Commission of the North Central Association of Colleges and Schools.

PPCC instructors are proven experts in their areas of study, and many are working in their fields.

That's probably why 95% of our students say they would recommend PPCC to a friend or family member.

High school students can take free college classes, and even earn a certificate or associate degree, before they graduate. Concurrent college education may be offered in your high school or on our campuses. Learn more at ppcc.edu/hsp.
“There’s no point in making excuses. If you want it bad enough, you’re going to make it work. Pikes Peak Community College has changed my life. That’s just a fact.”

— Kimberly Moon, Mother of four and future nurse
We have what you want to study.

PPCC has nearly 200 degrees and certificates in virtually every major area of academic or technical studies. There’s a program that’s bound to match your interests and career goals.

One of only six programs in the country

What’s new at PPCC?
“We go to the Military and Veterans Center because it’s a whole new world for us. We’re not only entering the civilian world again, we’re entering the world of students, which is a double transition. At the Vet Center they help out a whole lot. They’re pretty awesome over there.”

—Marques Dungey, Veteran, PPCC Student

**PEAK FACT**

PPCC classrooms serve more veterans using benefits than any other college or university in Colorado.
A True College EXPERIENCE

PPCC students can engage well beyond the classroom, joining clubs, student government or sports and attending a variety of free campus events.
“PPCC laid the foundation for me to build on. It provided the appropriate level of course work that I needed in order to believe in myself.”

— Karen Medville, Class of 1985
American Indian Program Manager, Southern Peaks Regional Treatment Center
Pikes Peak has forged valuable connections with the regional workforce, ensuring high job-placement rates, particularly in career and technical fields.

In high-demand areas, such as advanced manufacturing, cybersecurity or construction, more jobs are available than there are trained workers to fill them. We’ll help you bridge those gaps.

**PEAK FACT**
The NSA has designated PPCC a Cybersecurity Center of Academic Excellence.
“I discovered what graphic design really was. The thing about a creative career is you discover things you didn’t even know existed. All of a sudden, you’re like ‘Wow, this is amazing.’”

— Chris Schell, Class of 1995
Graphic Designer, Co-Owner of Design Rangers

“It was a very real-world experience, as real as it could be. It wasn’t like fluffy, fluffy art school stuff. It was, ‘You’re here because you’re going to get a job, and this is what it’s going to be like.’”

— Jenny Schell, Class of 1994
Graphic Designer, Co-Owner of Design Rangers and 2018 PPCC Commencement Speaker
At the heart of our student-support services, you’ll find innovative ways to get help.

LEARNING COMMONS
An open contemporary space that merges Library Services, Technology Services and Tutoring Services, partnering with students to develop success strategies for lifelong learning.

THE LEARNING COMMONS APP
Requesting a tutor can feel awkward. It’s not easy to ask for help. That’s why we developed this awesome new app that makes connecting with a tutor as easy as calling an Uber.

MORE SUPPORT SERVICES
Beyond the learning commons, you’ll find PPCC support with Accessibility Services, Retention Services, Counseling, United Way 2-1-1 at PPCC, and a Food Pantry, with free groceries.
