## In Case of Emergency...

### Dial 9-1-1 for Campus Emergencies

- In the event of an emergency, call 9-1-1 from any campus phone or your personal cell phone.
  - You do not need to dial '9' first when using a campus phone.
- Remain calm.
- Give the dispatcher as much information as possible:
  - Nature of the emergency
  - Location of the emergency, including campus, address, and room number/location in the building
  - Your name and phone number
  - Any other information requested by the dispatcher

### For Non-Emergencies

- Call 502-2900.
- Red phones located throughout each campus connect directly to Campus Police.
- Blue phones in campus parking lots also connect directly to Campus Police.
